

ARE YOU INTERESTED IN DOING RESEARCH WITH YOUNG PEOPLE TO ENACT SOCIAL CHANGE?

ARE YOU A YOUNG PERSON (AGE 16-25)?

Do you want to learn more about Participatory Action Research, or co-produced research?

Join us for training that aims to develop young people's skills as co-researchers.

The Centre for Social Justice and Community Action (CSJCA) at Durham University are offering **6 free workshops**.

In these workshops we will trial a new resource produced by community practitioners and academics to support the development of co-produced research and services.

This will support you on your journey of co-produced research with young people.

It might be a good way to meet other young co-researchers and you could even put it on your CV!
